

Monday 20<sup>th</sup> April 2026

Dear parents and carers,

I hope you have had a wonderful Easter holiday. I am thrilled for our new term ahead, especially because the children have already shown great enthusiasm by sharing their knowledge on our new topic. This term, we will be exploring "Wonderful Weather," delving into seasonal weather patterns and how seasons vary around the world. Their excitement assures me they will love this topic, making it perfect for the term ahead and allowing them to **REACH** even further into our learning journey.

Coming up this term, we will be exploring the fascinating world of animals through our science lessons. The children will learn about different habitats and various groups of animals. This learning will also link to our upcoming school trip, which we are excited to share more about soon. A detailed letter containing all the key information will be sent out shortly.

As we move into the summer term, the warmer weather often brings more opportunities for outdoor learning and play. To help keep the children safe and comfortable, please ensure they bring a sun hat to wear outside when the sunny weather arrives.

Things to Remember:

- PE Days: Our PE days are now on Tuesdays and Fridays. Please ensure your child wears the correct uniform.
- Water Bottles: Please ensure they bring in a named water bottle each day.
- Reading: Please continue to read with your child five times a week. It makes a huge difference, and the children get so excited when they collect their bookworms and bookmarks. We have even had some silver bookworms recently!

If you have any questions, please do not hesitate to speak to me at collection at the end of the day, or via email FAO Miss Read via [admin@st-josephs.gloucs.sch.uk](mailto:admin@st-josephs.gloucs.sch.uk)

Kind regards,

Miss Read
