Acting Headteacher: Mrs Clare Howells

Dear Parents/Carers

26th September 2023

Year 5 Science STEM Day Tuesday 17th October 2023, 9:00-3:30pm
Wycliffe Senior School, Gate 1, Stonehouse

We have a very exciting trip opportunity on our doorstep. Wycliffe are putting on a Science STEM day, where the children will have key speakers speaking to them throughout the day and then multiple opportunities to take part in some science activities.

Here is a bit more information about this fabulous opportunity:

They keynote lectures will be 'Engineering: Who wants to be a superhero?' presented by Science Made Simple (<https://sciencemadesimple.co.uk/>) and 'Shapes and Smoke Rings' presented by Think-Maths (<https://think-maths.co.uk/sessions>) and these will be followed by a mixture of science and engineering lessons taught by Wycliffe College Sixth Form pupils and representatives from local industry.

Although this trip is right on our doorstep, the cost of a coach is £440 (due to the times that we would need it). As we are looking to keep the costs down and Wycliffe Senior School is nearby, we would appreciate it if you could drop children off at 9:00am at the venue and then pick up at 3:30pm at the venue. This way we are able to make this a free trip. If this would pose a problem for you, then please indicate below and we will see what we can do to ensure this exciting opportunity can go ahead. **Kindly complete the tear-off slip below and return to school by Tuesday 3rd October.** This will enable us plenty of time to organise/orchestrate transportation and timings on the day.

We are very excited about becoming scientists for the day, as well as, soaking up the wealth of information and scientific enquiry on offer to us. As we will be gone all day please can you provide your child with a **packed lunch and a drink (no glass bottles).**

Yours faithfully

Mrs Charlotte Hathaway
Year 5 Class Teacher

YEAR 5 - Science STEM day at Wycliffe Senior School, Gate 1, Stonehouse on Tuesday 17th October at 9:00am-3:15pm

- I consent to my child attending the Science STEM event.
- I am able to drop off and collect my child at the above time at on Tuesday 17th October.
- I have arranged for another parent to drop off/collect my child on Tuesday 17th October. The parent responsible for my child is _____
- I am unable to drop off/collect my child from this event on the 17th October.
