

### To be healthy we will...

- Be developing our co-ordination with throwing and catching
- Begin to link running and jumping. Learn and refine a range of running. Develop throwing techniques to throw over longer distances.

### As leaders of faith we will...

- Share the stories of Jesus' life and resurrection with everyone.
- Pray to the Holy Spirit for guidance and strength in our faith journey.
- Embrace our mission to share Jesus' message and live out our faith, inspired by the beginning of the church at Pentecost.

### As Scientists we will...

- Observe and classify different animal groups to understand their unique characteristics.
- Investigate the diets of various animals and how they impact their health and habitats.
- Explore the human body and our senses to learn how they help us interact with the world.

### As Writers we will...

- Focus on the story of The Tortoise and the Hare. We will be using phrases like "after that," "at that moment," "because," "by the next morning," "in the end," "if," and "now" to enhance our storytelling.
- Begin to explore the "Red Rocket" poem, focusing on vocabulary. We will be using alliteration to create a rhythmic and engaging poem, and similes using "as".

### As Mathematicians we will...

- Explore how to measure and tell time, learning about dates, months, and hours.
- Investigate how to use measurements and time in real-life situations, discovering how maths helps us in everyday activities.
- Dive into multiplication and division, practicing counting in equal steps to solve problems and make calculations easier.

### As Artists we will...

- Create bird sculptures that reflect our detailed observational drawings using a range of media.
- Translate our 2D mark-making techniques into dynamic 3D bird forms.
- Combine various media and mark-making methods to bring our bird sculptures to life.

### As Geographers, we will...

- Explore the seasons and the months they include, observing how nature transforms throughout the year.
- Investigate the unique weather patterns of each season, discovering what makes them special.
- Embark on seasonal walks to identify the distinct features of each season and learn what makes them unique.

### As Musicians we will...

- Explore and appreciate different musical styles, including Reggae and Hip Hop, through our focus songs, while understanding the beat, rhythm, and pitch.
- Embed the basics of music, like tempo, dynamics, and timbre, in our learning through engaging games and singing activities.
