

To be healthy we will...

- Learn about hygiene and cleanliness through E-Bugs during our REACH time this term
- Take part in Multi-skills activities during our PE lessons to build strength, coordination, and teamwork
- Make healthy choices in what we eat and drink

As leaders of faith we will...

- Explore the story of Creation
- Discuss what God created on each day and reflect on what happened afterwards
- Retell the Creation story in our own words
- Learn about why we pray and how it brings us closer to God.

As Scientists we will...

- Observe and describe seasonal changes throughout the year
- Identify typical weather patterns for each season
- Use their senses to explore seasonal elements, what they can see, touch, smell, hear, and taste
- Investigate why daylight hours vary between summer and winter

As Writers we will...

- Identify key features of a traditional tale
- Use story maps to retell a story
- Explore a range of traditional tales including 'brown bear, brown bear, what do you see?' and 'Mr Pig'
- write our own traditional tales

**Autumn
Term 1**

Year 1

As Mathematicians we will...

- Partition numbers in different ways
- Count forwards and backwards on a number line
- Order numbers
- Find 1 more and 1 less than a number up to at least 20
- Recognise and name 2D shapes
- Add and subtract 1 from numbers up to 20

Through Art we will...

- Draw and make marks using different parts of our body e.g. elbows, fingers
- Explore different drawing tools to create spirals
- Create our own sketchbook that is personal to us.
- Explore continuous line drawings.

As Geographers, we will...

- Look at where we live and talk about places we know well
- Use our senses to explore what we can see, touch, smell, hear, and taste in our environment
- Spot human and physical features in familiar places, like buildings, parks, and hills
- Look at aerial photos to see places from above
- Draw our own maps to show the special places around us

Through Computing we will...

- Learn what technology is and how it helps us in everyday life
- Learn how to use a keyboard to type letters and words
- Learn how to control a mouse to click, drag and move objects on the screen
