

Record Keeping

5.4 Data Subject Access Requests (SARs)

Statement of Intent

This policy has been written to take into account of the General Data Protection Regulation (May 2018) and the Data Protection Act (DPA) 2018, together with advice from the Information Commissioner's Office ([ICO](#)).

All individuals whose data is held by us, have a legal right to request access to such data or supplementary information held. The right of access allows individuals to be aware of and to verify the lawfulness of the processing.

The exception

The Freedom of Information Act 2000 (FOIA) enables individuals and organisations to access information from public authorities. Charities are not "public authorities" and so are not directly subject to FOIA's requirements. If a genuine FOIA request is received, rather than a SAR, the enquirer will be informed that St Joseph's Nympsfield Out of School Club is not obliged to provide the information. If known, we will direct the enquirer to any publicly available sources or a public authority that may have access to it.

Aim

The aim of this policy is to ensure that all parents and carers are aware of how to make a data subject access request and how St Joseph's Nympsfield Out of School Club (OOSC) will deal with it.

Procedure

Parents

- Parents can have access to all written information about their child (except where data protection laws stipulate it is against the best interest of the child to do so). Requests can be made verbally or in writing, including via Social Media¹.
- A third party² can also make a request on behalf of another person. However, in this case it is the third party's responsibility to provide evidence of their authority.
- If we are unsure of the identity of the requester, we will ask for information (ie. ID) to verify them. In this instance, the timescale for responding to a SAR does not begin until we receive the requested information.
- The request will be forwarded to setting's Data Protection Officer (DPO) (see 5.3 Data Protection and/or St Joseph's Nympsfield Out of School Club's Data Privacy Notice for details of who this is).
- The DPO will consider if the request can be refused. It can only be refused if it is 'manifestly unfounded or excessive'³ as advised by the ICO.
- St Joseph's Nympsfield Out of School Club may request evidence of identity to ensure data is being disclosed to the correct individual.
- There is no fee for processing a data subject access request unless the request is 'manifestly unfounded or excessive'. Even if this is the case the fee will only cover administration costs. It is permissible for the OOSC to charge a fee for additional copies of the same information.

¹ For advice on "preparing your subject access request" please see the [ICO website](#) (www.ico.org.uk)

² For example: a relative, friend or solicitor

³ For more information on 'manifestly unfounded or excessive' requests, please see the ICO website (www.ico.org.uk)

- We will respond without undue delay and within 30 days from the initial request. If requests are complex or numerous this can be extended by a further 2 months but this will be fully explained within the 1 month deadline.
- If the request is extremely broad we may seek clarification on the exact scope of the data required. In this case, we can pause the time-limit for responding until a clear explanation is received.
- A decision will be made on what systems and files should be searched for relevant personal data. We will keep a note of this as evidence of the steps taken in case a complaint is made by the individual to the Information Commissioner's Office (ICO).
- St Joseph's Nympsfield Out of School Club will consider if all the data should be disclosed. There are very limited exemptions where disclosing the data would 'adversely affect the rights and freedoms of others'. This is most likely to mean redacting the information to take out anything identifying a third party or if the data is related to a criminal offence.
- A copy of the data to be disclosed will be sent to the requestor. Where possible, and certainly if the request was made electronically, the data will be provided electronically in a commonly used electronic format. If it is a paper copy, it will be sent first class signed for, if via email a delivery receipt will be requested as evidence that it was sent.
- If an individual asks, we can provide a verbal response to their SAR, once we have confirmed their identity. In this case we will keep a record of:
 - the date they made the request;
 - the date we responded;
 - details of who provided the information; and
 - what information we provided.
- A covering letter/email will also be sent containing the following information:
 - the categories of their personal data being processed by us (eg. fees);
 - the purposes for which the processing happens (eg. fee payment);
 - to whom the data may be disclosed (eg. Gloucestershire County Council (GCC), HMRC);
 - details of the source of the data (eg. online booking system);
 - how long the data is retained by us⁴;
 - the right to have inaccurate data corrected;
 - the right to make a complaint to the ICO; and
 - if automated decision making applies, meaningful information about how these decisions are made will be supplied (*not applicable to St Joseph's Nympsfield Out of School Club*)
- If we are refusing to comply with the request, we will send the requestor a letter explaining our decision and outlining their right to complain to the ICO or another supervisory authority, and that they may apply for a court order requiring us to comply or to seek compensation⁵ to enforce their rights through the courts.
- Where possible, we will consider whether it is possible to comply to a request without disclosing information that identifies another individual. If this is not possible, we do not have to comply with the request, except where the other individual consents to the disclosure or it is reasonable to comply with the request without the individual's consent. In this case we will:
 - respond to the requester on whether or not we decide to disclose information about a third party;
 - we will ensure we justify our decision to disclose or withhold information about a third party;
 - we will keep a record of what we decide and why.

⁴ See 5.6 Retention Periods for Records

⁵ It is a matter for the court to decide, in each particular case, on what action to take.

- Information pertaining to safeguarding issues will not be released if this goes against No 1.2 Safeguarding and Child protection policy.
- A record will be kept of our efforts to comply with the request, the date that we provided the information and any correspondence in case of future investigations by the ICO.

Employees

Responses to any SAR requests from employees, past and present, will be dealt with as above. Please also see information specifically re employees contained within the OOSC’s No 5.3 Data Protection policy document.

A copy of our Data Subject Access Request Checklist is attached to this policy.

2.0	KC and LBe	Reviewed and formatted <ul style="list-style-type: none"> ● Reference to the Data Protection Act 2018 included; ● Aims updated to reflect latest advice from ICO; ● New section re Employee SAR requests (past/present) ● Associated Policies and Procedures section updated ● Checklist updated Updated with confirmation that as a Charity and not a “public authority”, the Club does not have to response to Freedom of Information requests	04.10.2023 Club Chairperson (H Saunders)

Data Subject Access Request Checklist

Action	Notes	Completed
Data Subject Access Request received and passed to the Data Protection Officer	If received verbally, the staff member receiving the request should ask that it is confirmed either by letter or via email.	
Are there grounds for refusing the request?	<ul style="list-style-type: none"> • If Yes, the request should be denied within the 30 day deadline stating that the requestor may make a complaint to the ICO; • If No, continue with the checklist. 	
Is further evidence of identity required?	Request if necessary.	
Is the request 'manifestly unfounded or excessive', or a request for duplicate information?	If Yes, a fee may be applicable but should not be more than the administrative cost.	
What date should the request be completed by?	<p>This is 30 days from the initial date of the request even if this was via telephone, social media or in person. If this will not be possible because of the amount of data involved, this can be extended by a further 2 months but the delay must be communicated within the original month.</p> <p>For term time settings, like St Joseph's Nymphsfield Out of School Club primarily runs during term-time only, but offers 2 holiday clubs at Easter and during the Summer break. Out of term-time an 'out of office' message will be on St Joseph's Nymphsfield Out of School Club's email addresses advising that 'This email address will not be accessed during holiday periods (dates). If you are making a Data Subject Access Request, then please email at the beginning of the next term.'</p>	
Is the request extremely broad?	Seek clarification to determine the scope of the personal data required.	
What systems/data sources should be searched?	Keep a note of decisions made in case of future complaints/investigations.	

Action	Notes	Completed
Does the data contain any references to third parties or sensitive data which should not be disclosed?	Redact (blank out) anything identifying a third person. Do not disclose anything relating to a criminal investigation.	
Is the data and covering letter ready to be sent?	Data should be supplied electronically where possible, in a commonly used format. Ensure that it is sent first class signed for or if via email with a delivery receipt requested. The covering letter should contain the information set out in this Policy.	
Has a record been kept of the process followed, the decisions made during the process and the data that the requested data was provided?	See above policy for details of what to record.
