Acting Headteacher: Mrs Clare Howells

11th January 2021

Dear Parents/Carers

Wow what a week we had last week! It doesn't matter how much planning has gone into something, until you actually try to put plans into action that you discover the issues.

The staff have pulled out the stops to make virtual learning work as well as they can and have remained positive, despite technical issues this end and yours! As with everything, the children have been in their element and discovering the capabilities of TEAMS at an amazing rate and you, our parents/carers who have patiently supported your children to be successful.

We will, over the next week, continue to work on our issues and support you with yours - the aim being that the children's learning being the best that it can be. Naturally things are taking a bit longer, but the more we do it the better we will become.

Thank you so much for your patience, support and positive feedback – it really helped to encourage staff through a challenging week. Please do continue to support us by feeding back what you are experiencing your end...we can't see what you can. We will continue to work together to establish our delivery and expectations and will communicate this to you as soon as we can.

Yours sincerely

Mrs C Howells
Acting Headteacher
